Personal Summary

The magical world of coding inspired me to turn into a Web Developer. Always motivated to learn more, up for new challenges, eager to grow personally and professionaly. Happy to surround myself with people to share my passion for coding with.

Core Skills

- **JavaScript (ES6)**
- **React/Redux**
- **HTML5**
- **CSS3**
- **NodeJS**
- **REST API**
- **PostgreSQL**
- **Express**
- **Git/Github**

Education

FULL-STACK DEVELOPER

Codaisseur Academy
Oct 2019 - Dec 2019

- Proved my fast-learning skills during 11 weeks course, with zero previous experience
- Excelled in ALL code reviews and quality assessments during the course
- Developed, improved and redesigned an existing project
- Collaborated and delivered products in teams using SCRUM methodology

CHEMISTRY STUDENT

AUTH, Greece
Sep 2012 - Aug 2017

- Thesis in Environmental Chemistry and Analytical Methods
- Teacher assistant in Environmental Chemistry Class
- Volunteer in "AUTh on Sundays" Chemistry Events

Working Experience

FULL-STACK DEVELOPER

Codaisseur Academy
Oct 2019- Dec 2019

Projects created through the course and technologies used:

- **Ticketswap Clone**
  App of buying, selling tickets for events
  JavaScript, React/Redux, NodeJS, Express, PostgreSQL, REST API, Docker.

- **Academy Calendar**
  Calendar for students to know each day's teacher and other academy events
  Worked in a team, continuing the previous class' project.

- **Multiplayer Rock Paper Scissors Game**
  A game build by a team of two, in 4 days
  React/Redux, Express, PostgreSQL, Sequelize, Docker, JWT, bcrypt.

- **A Journey Through Time**
  App that displays now and then photos, showing how much the world has changed.
  Learned the basics of a new technology (Vue.js) and applied it in a 3-day Hackathon project.
